The Journal of General Education (JGE) is a peer reviewed Journal devoted to the advancement of research on interdisciplinary program. It is intended to be a platform for exchange of ideas and experience. Unfortunately, these opportunities are very limited in Bangladesh. That there is a serious dearth of literature in this arena-is also recognized by nearly all quarters . We sincerely hope that this modest publication will, in its own limited ways, contribute to filling the vacuum, which exists | the concerned literature and research and also hope that this will be able to arouse some interests and responses among the targeted audience about the complex and challenging dynamics o contemporary society.

The inaugural issue of the journal contains twelve articles and a book review. We wish to record our appreciation for the authors and reviewers of the journal. A special word of thanks is due to our honorable advisor, Professor, Mohammad Ali ,Vice Chancellor, Southern University Bangladesh and Mr. Sarwar Jahan, Founder , Southern University Bangladesh for their inspiration to published the journal.

We wish our readers the very best of regards and hope to hear their valuable comments and suggestions in due course.

Dr. Md Shakhawat Ullah Chowdhury
