# EDITORIAL

The Journal of General Education (JGE<sub>d</sub>) is a peer reviewed Journal of the Department of General Education, Southern University Bangladesh. It is intended to be a platform for exchange of ideas and experience of research on interdisciplinary programmed. The University authorities have always attached great importance to the regular publication of a journal containing research articles of the academic faculties. This will give them opportunity to develop their research ability and talents. The response that we have received from teachers is very encouraging. A good number of research papers were received from the teachers belonging to different disciplines and the topics included a wide range of subjects.

All the articles have been reviewed by experts on the respective subjects and their opinion was considered as final in selecting articles for publication through an open seminar of reviewed articles. I am grateful to the faculty members who have contributed articles for this issue.

It would not be possible on my part to publish this journal without inspirations of Editorial Advisory Board specially Professor Mohammad Ali, Vice Chancellor, Southern University Bangladesh and Mr. Sarwar Jahan , Founder and Treasurer, Southern University Bangladesh. I express my deep appreciation and gratitude to all honorable editorial advisors of the Journal of General Education.

I wish our readers the very best regards and hope to hear their valuable comments and suggestions.

Dr. Md Shakhawat Ullah Chowdhury

Editor
